*12.7 million counterfeit bills were
passed and seized in Canada last year.*

Don't wait to become a victim

After many years of great success with
our Model MCD 900, and at the request
of our thousands of existing customers,
we have developed the Vision Mercury D-45.

You can combat counterfeit currency with the
affordable Counterfeit Detector Vision
Mercury D-45. This light weight, and discrete
unit gives you results in seconds.

- ✓ Superior accuracy on counterfeit detection
- ✓ Detects counterfeit bills that traditional detectors would miss
- ✓ High speed detection - results in seconds
- ✓ Detects U/V security features including credit cards and travel checks
- ✓ Detects 70 currencies world-wide
- ✓ Utilizing high-tech optical components
- ✓ High image resolution (4 inch black & white monitor)
- ✓ Power saving function
- ✓ Dual voltage (12volts DC for car use)
- ✓ Comes with Canadian or U.S.A chart
- ✓ 1 Year Warranty
- ✓ Replacement A/C Charger \$24.95
